

Scholarship Preparation Summer Program

(For Rising 8th Graders)

August 2-13, 2021 9 a.m. – 11a.m.

Non-refundable Course Fee: \$150 – Includes workbook and registration for the official Roman Entrance Exam that will be administered on the last day of the program.

Foundations of Algebra

Students will be taught basic algebra skills and will have a comprehensive review of general mathematical concepts. Some of the topics that will be covered include fractions, decimals, percentages, and simple equations. Students will be challenged with word problems and learn test taking strategies.

English Writing

Students will learn and practice vocabulary words related to the exam, as well as helpful Latin root words to better guess at the meanings of difficult words. Students will practice identifying and utilizing English grammar from parts of speech to sentence structures. Also, students will read interesting stories and analyze their elements to better prepare them for the exam.

Note: The course fee includes one hour each of Algebra & English.
